Finding your patients

Step 1 (two options)

Option 1 - choose the patient from the "Upcoming evaluations" menu

Option 2 - Click on the "Patients" button in the top left of the screen.

The screenshot shows the Audaire Health dashboard interface. On the left is a navigation menu with the Audaire Health logo at the top. The menu items are: Dashboard, Prescriptions, Patients (circled in red), Clinics, Pharmacies, Drugs, Reports, and #1 Demo Clinic. The main content area is titled 'Dashboard' and contains a section for 'Outcomes Tracking Service | Upcoming evaluations'. This section features a table with the following data:

Name (DOB)	Diagnosis	Drug	Date of therapy	Last evaluation	Next evaluation
Marshall, Bruce Mathers III (2022-08-10)	Spinal muscular atrophy				

Step 2

Select your patient from the "Patients" list

TIP: use the Search box for help if needed

Manage Patients

Adding an approved therapy

How to add a new therapy

- Once the administration has been scheduled (Zolgensma, Spinraza) *OR* the patient's prescription has been sent to the specialty pharmacy for delivery (Evrysdi), the clinic will log into Audaire and perform the following three steps:
- **Step 1 - Assign a therapy to the patient**
 - Choose "+ Assign therapy" for the patient and submit the following data:
 - Therapy evaluation type:
 - choose the evaluation schedule that follows the clinic's follow-up interval
 - Date of therapy
 - For Zolgensma or Spinraza, enter the scheduled administration date
 - For Evrysdi, enter the estimated first day of administration
 - Drug
 - NDC
 - Prescriber
 - Note (optional free-text box)

Adding a new therapy cont'd

- Step 2 - Enter the last appointment date and the next *scheduled* Appointment Date(s) that correspond with the clinic's follow-up interval

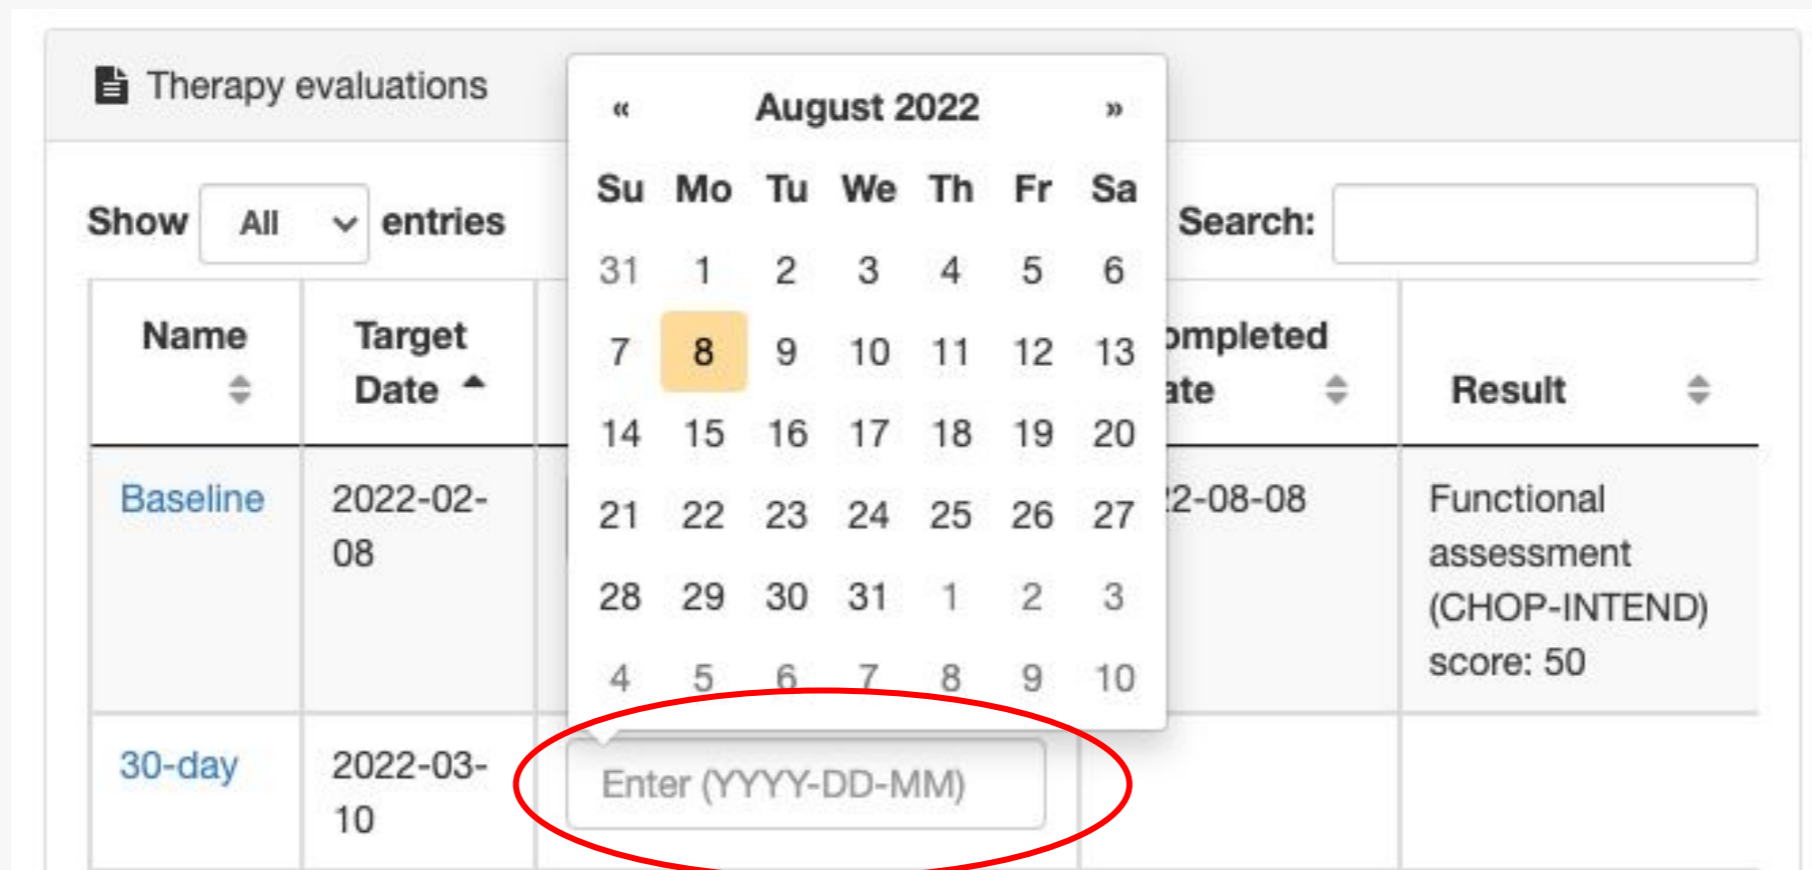

The screenshot shows the 'Therapy evaluations' section of the Audaire Health system. A calendar for August 2022 is displayed, with the 8th highlighted. Below the calendar, there is a table with columns for 'Name' and 'Target Date'. The table contains two entries: 'Baseline' with a target date of '2022-02-08' and '30-day' with a target date of '2022-03-10'. A search bar is visible on the right side of the interface. A red circle highlights the date input field below the calendar, which contains the text 'Enter (YYYY-DD-MM)'.

- Step 3 - Complete the "Baseline" evaluation
 - Date of diagnosis
 - Number of copies of SMN2
 - SMA type
 - Patient weight at baseline
 - Functional assessment performed at baseline
 - Date that the functional assessment was performed
 - Functional assessment score at baseline

Setting appointment dates

How to set appointment dates

- Users are required to enter patient appointment dates, which are used to trigger email reminders from the Audaire system
- Audaire sends out two types of reminders:
 - Need to schedule an appointment
 - Need to complete a patient's evaluation
- To input a new scheduled appointment, navigate to the "Patient" profile page and click on the empty "Appt. Date" field for the appropriate follow-up interval and choose the date

The screenshot shows the 'Therapy evaluations' page. At the top, there is a 'Show All entries' dropdown. Below it is a table with columns 'Name' and 'Target Date'. The table contains two rows: 'Baseline' with target date '2022-02-08' and '30-day' with target date '2022-03-10'. A calendar for August 2022 is overlaid on the table, with the 8th of August highlighted. A red circle highlights the '30-day' row and the 'Enter (YYYY-DD-MM)' input field below it.

Name	Target Date
Baseline	2022-02-08
30-day	2022-03-10

Completing an evaluation

How to complete an evaluation

- Navigate to the "Patient" profile page
- Choose the applicable evaluation from the "Therapy evaluations" window

Therapy evaluations

Show entries Search:

Name	Target Date	Appt. Date	Completed Date	Result
Baseline	2022-02-08	<input type="text" value="Enter (YYYY-DD-MM)"/>	2022-08-08	Functional assessment (CHOP-INTEND) score: 50
30-day	2022-03-10	2022-03-08	2022-08-08	TBD
6-month	2022-08-08	<input type="text" value="2022-08-08"/>		

How to complete an evaluation

- Complete the evaluation
- When finished, click "Submit"

i Evaluation

1. Is the patient deceased? *

No

2. Does the patient require permanent mechanical ventilation? *

Select...

3. Does the patient require permanent non-oral feeding and/or drinking support? *

Select...

4. Weight (lb and oz)? *

Enter weight in lb lb Enter weight in oz oz

Select...

6. What other, if any, SMA agents has the patient received in the last 6 months? *

Select...

7. How would you rate this patient's overall quality of life since initiating SMA therapy? *

Select...

Cancel Submit

Following your patients

How to follow patients

- Following a patient in Audaire allows the “follower” to be reminded to schedule a follow-up appointment and complete patient evaluations
- There are two ways to follow/unfollow patients:
 - Easiest way: bulk follow/unfollow on the “Manage Patients” page
 - Individually follow/unfollow in the individual “Patient” profile page
- How to:
 - Follow: click “+ Follow”
 - Unfollow: click “Following”

 **Manage Patients**
